Betta of Silver City, advertises clam juice. A would-be delegate to a coming county convention is anxiously inquiring if there is any bug juice to be had in the town.

Last Tuesday Sam Ransom was presented by his wife with a baby girl. Mother and child doing splendidly, and Sam looks as though a dividend had been declared on Hercules.

In the matter of the San Simón ditch trouble the respondents have until July 4th to amend their papers. R. P. Barnes has been appointed a special master to hear and report upon the testimony in the case.

At the meeting of the firm on Friday night it was resolved to have a picnic and dance on the Fourth of July. Sam Cuthen and J. C. Stockham were appointed as a committee of arrangements for both the dance and the picnic.

There will be a caucus of the republicans of Lordsburg at Ambler's opera house to-morrow night for the purpose of electing three delegates to attend the republican county convention at Silver City, on Saturday, July 6th.

There is a rumor that there are two or three men around the county who are a little too hardy with a branding iron. If this is ascertained to be a fact an effort will be made to see if they are handy with a rope—around the neck.

A photographer in the employ of the railroad was on the train Wednesday evening and stopped long enough to take a picture of the railroad employees here. The boys deny the statement that a new rogues' gallery is being prepared.

The railroad hotel at Bowie has been undergoing some extensive repairs. The roof has been raised and a new story built between the first story and roof, in which are a number of sleeping rooms. Everything is painted finely and Scott White is the landlord.

Sheriff Whitehill came in from Grant county last night and placed two convicts in the penitentiary. Samuel Griffin and James Prince are their names and they go up for one year each on the charge of horse-stealing and house-breaking.—New Mexico.

George Haseltine, after spending a few months in the west and north, has returned to Lordsburg and is again at work. George says that in his travels he saw no place like Lordsburg and it is now generally believed that no where on the face of the earth is there another such place.

There is but a little freight moving on the Southern Pacific and all the freight engines are bunched at Tucson. Engineer Landon, seeing he could not be in El Paso to vote either way, took the passenger train down so as to be in El Paso, to-day and register his vote, for "Buck" and against the "combines."

"Old man" Reed was in from the Chiricahua and reports that mountain lions are getting away with a good many calves. A good many have been shot and poisoned along the line between Arizona and New Mexico. A curious fact about these lions is that if one is shot or poisoned in New Mexico, no matter how badly he is hurt, he will crawl over into Arizona to die. The hunters cannot account for this habit because there is a bounty of \$3 per head on them in Arizona.

CHAS. V. HUGO, Secretary.

Last Friday night an old lady named Mrs. Miller was put off the westbound passenger train here and told a pitiful story. She was one of the persons who had been rendered homeless by the Johnstown disaster. She had a son at San Jose, California. The Johnstown relief committee had bought her a limited ticket and started her for San Jose. When she was in Kansas she was taken sick and had to stop for a few days. Owing to her stop her ticket ran out and she was stranded far from her home and without any ticket or money. Her story created considerable sympathy and an impromptu relief committee was organized and the town canvassed for money to purchase the old lady a ticket. Saturday afternoon, from certain actions which had been observed, the suspicion was aroused that the old lady was not exactly straight and the relief committee was transposed into an investigating committee. Upon investigation the Johnstown sufferer was found to be in the condition which is known as "being drunk as a lord." The money which had been raised for the ticket was returned and the old lady was told to hustle. She dog up enough money to take her to Bowie.

A traveling man said she was one of the two women, who, with a baby, had been victimizing the people of Santa Fe and Albuquerque by telling a pitiful story and claiming to be the widow of a prominent Albuquerque Old Fellow and Knight of Pythias who recently died.

John Hovey is rather slow in his movements, but he gets there just the same. So it was much of a surprise to his friends last Friday morning when he was seen to rush frantically up the street at about 2 o'clock. He stumbled over (ired horse-droppings, burrs and lady dogs, became lame at Dr. Vance's door and whispered a few words in a mezzo-soprano voice and returned home at an increased rate of speed. It was a 10-pound boy. Mr. Hovey bears the honors meekly.—Clifton Clarion.

Dr. Lacy returned Sunday from his three weeks' vacation. He went as far as Paradise Valley, about 100 miles north of Clifton, and is enthusiastic in his praises of that section as a place to recuperate, as well as to enjoy the beauties of nature, shoot game and catch trout, which are abundant. The doctor looks much improved in health as a result of his trip.—Clifton Clarion.

Report says a colony of fifty families, colored, from Texas, has been formed and is now preparing to settle on the lands of Luis Heller & Co., near Las Palomas. Good! They can't vote in this precinct, but they will raise enough corn, beans and tobacco thereabouts to make themselves and our people independent and don't care a cent as to votes and politicians.—Headlight.

The patriot who desires to properly celebrate the Fourth can go to Wilcox and see the cowboy tournament, or go to Deming and have some fun, or go to Silver City and hear John J. Bell talk, or go to El Paso and see the fifty mile horse race, or go to the Brown's picnic, or stay at home and have a quiet although patriotic time.

P. J. Clark bears the appearance of having been through a rough-and-tumble, but he hasn't. His beauty is somewhat marred by a cut on the face and he carries his right arm in a sling, all the result of any ugly fall received one night last week.—Clifton Clarion.

Not a fit, but an expression of delight. "About a week ago," says a Los Angeles, Cal., druggist, "a Chinaman came in with a lame shoulder. I sold him a bottle of Chamberlain's Pain Balm and guaranteed that it would cure him. He came in again last night, as soon as he got inside the door, began to swing his arm over his head like an Indian club swinger. I thought the blamed fool had a fit, but he finally stopped long enough to say: 'Medicine velly fine, velly fine; all same me feel plenty good.' Chamberlain's Pain Balm, is without an equal for sprains, rheumatism, aches, pains or lame back. For sale at Eagle drug store.

The Johnstown Horror.

The appalling horror at Johnstown has shocked fifty million of American people, and thousands of lives have been lost and millions of property destroyed. This is, beyond question, the second greatest flood on record. The loss of life and the loss of property, and the thrilling incidents surpass anything known in modern times. Thousands of people desire a clear, graphic and accurate history of this greatest catastrophe known in the history of this nation or the world for centuries. The History company of 723 Market Street, San Francisco, Cal., have just issued, in book form, a complete History of the Johnstown flood, fully illustrated and complete in nearly 500 pages. The book will be sold through agents. See advertisement in another column for agents, to whom most liberal terms are offered.

A little shooting scrape occurred at the Exchange last night. Both Wyatt was shot through the left hand by McWilson, a dealer for Billy Bell. Some words had passed between the two, when Buch says that he saw Mc draw a pistol, and he slapped him and attempted to grab the pistol. Both parties are under arrest.—Enterprise. Bell was fined five dollars, McWilson was bound over to the grand jury, and Buch returned to Lordsburg with his hand in a sling.

C. B. Zeek was in town Saturday and left with R. P. Hart for Silver City to attend to the shipment of the rest of the cattle he purchased from the Hart brothers company.

Mr. Moore, the post master at Bradshaw, Va., after reading an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy, concluded to try a small bottle of it. He says: "I used it in two cases for colic and three for diarrhoea with perfect satisfaction. One dose gave relief in every case but one, that was a bad case of colic and required the second dose. I have handled a great deal of patent medicine as agent and for my own use, but never tried any that gave as good results as 'Chamberlain's Colic, Cholera and Diarrhoea Remedy.' For sale at 25 and 50 cents per bottle at Eagle drug store.

THE CHICAGO DAILY NEWS
FOR ONE CENT
PUBLISHED DAILY

The Real Secret of the unparalleled success of THE CHICAGO DAILY NEWS may be found in two distinguishing characteristics, which more than anything else have contributed to its remarkable growth.

FIRST—It is a Daily Paper for Busy People. The people of the busy West appreciate keenly the necessity of an intelligent knowledge of the world's daily doings, but they are too busy to waste valuable time in searching through a cumbersome "blanket-sheet" newspaper for the real news of art, literature, science, religion, politics, and the thousand and one things which make up modern civilization. They want news—all the news—but they don't want it concealed in an overpowering mass of the trivial and inconsequential. It is because THE CHICAGO DAILY NEWS is "well edited and no chaff," that its circulation is over "a million a week."

SECOND—It is an Independent, Truth-telling Newspaper. The people demand a fair, impartial, independent newspaper, which gives all the news, and gives it free from the taint of partisan bias. With no mere political ambition to gratify, no "ax to grind," the impartial, independent newspaper may truly be said to be a "guide, philosopher and friend" to honest men of every shade of political faith; and this is why THE CHICAGO DAILY NEWS has today a circulation of over "a million a week."

THE CHICAGO DAILY NEWS now adds to these two comprehensive elements of popularity, a third, in its unparalleled reduction of price to ONE CENT A DAY.

It is always large enough—never too large. THE CHICAGO DAILY NEWS is for sale by all newsdealers at One Cent per copy, or will be mailed, postage paid, for \$3.00 per year, or 25 cents per month. The farmer and mechanic can now afford, as well as the merchant and professional man, to have his metropolitan daily.
